# HOW CAN WE HELP YOU GROW?

**O**ur commitment to high quality products, competitive pricing, efficient service, fast turn arounds and our expanding range allows you to focus on the “why” more than the “how”. We want to celebrate your wins and support you through the challenges of running a business.

**W**e believe that helping others grow is the secret to success, and will do whatever we can to help.

**W**e know how time consuming the day-to-day operations of running a business are, let alone finding the time to market your business and plan for the future. We understand that most of your day is filled with working in your business, rather than on your business, and so we’ve spent a considerable amount of time fine tuning a product range that actually delivers results.

# FABRIC SIGNAGE AND DISPLAYS

## WHY WE SELL WHAT WE SELL

**C**onvenient, affordable and attention grabbing, that was the brief for our Fabric Signage & Display range. We worked hard to ensure that every product in our range from budget to deluxe was of a high enough quality that we'd be proud to put our name to. If we wouldn't put it in our own exhibition stand then it didn't make the cut. We had to think about how easy each piece was to transport and install (that expo set up pressure is real), how it would look after it's been stored for 6 months (hence why most of our fabrics are wrinkle free, yipee!), how we could support you with the longest warranty periods on your hardware as we could (and no, we won't ask you to find your receipt), and how we could help you stand out whether your event was inside or out (you think the main use of a marquee is for the advertising, but we all know it's the shade it provides that's the real MVP).

We sell what we sell because it passed all the tests, and if you know our quality standards, you'd know the range must be pretty good.

## PRODUCTION TURNAROUND

**T**he best part about an extended range of products means we have options. Whether you need something urgently turned around in 24 hours to get you out of a pickle or you've got a little more time up your sleeve to really make an impact, we're here to help. Our A-Frames, Banners, Pull Up Banners and X-Banners are all produced in 24 hours, but if you're looking for something with a bit more 'oomph' our extended range of fabric displays are turned around in only 10 working days.

## PRODUCTS TO SUIT EVERY BUDGET

**T**he hardest part about putting your brand on display is that your marketing has to match your product. If you're selling \$5 shoe horns you probably don't need a \$2000 display wall, and if you're selling \$10,000 websites a \$70 Banner Flag isn't going to cut it. Let us help you narrow down the search with our Basic, Standard and Deluxe range of products so you know exactly where to start.

Our Super Saver banner flag is the bees knees! We've kept our popular fibreglass pole but swapped out the spike and carry bag to a more economical option. The perfect product to get clients in the door.

Why buy an unprinted Bunnings marquee when branded ones are this cheap! The most economical marquee in the market is here, straight from the manufacturer.

## BANNER FLAGS

Designed to withstand the harsh sun rays, our teardrop and feather flags are printed using dye-sublimation, and are double stitched for durability. Single sided banner flags are printed on 110gsm knitted polyester, and our double sided flags are printed with a fabric layer sewn in between to ensure block out. All banner flag sets come standard with a custom print, carry bag, high quality fibreglass pole and star picket ground spike that reduces the ability for the flag to move or lean.

Talk about a win-win!
